Calmont Transportation Solutions

A CALMONT lease can help you...

- Grow your business
- Improve cash flow
- Cut downtime
- Attract and retain employees

Calmont Group is a dynamic, Alberta-based company dedicated to delivering best-in-class transportation solutions.

Calmont Leasing provides full service vehicle leasing, finance leasing of trucks and cars, short-term vehicle leasing, daily rentals, vehicle sales, parts sales and service and repairs from our locations in Edmonton, Calgary and Winnipeg. We are a franchised dealer in Southern Alberta and Winnipeg for Autocar Heavy Trucks and Ottawa Shunt trucks for Alberta and Winnipeg. We are also the Sport Chassis dealer for Western Canada.

We specialize in delivering vehicles and service you can rely on. Our goal is to help you meet your company's diverse transportation needs while maximizing your resources.

TRANSPORTATION MANAGEMENT

A Calmont lease lets you focus on your core business and on getting the job done. By Calmont merging the high cost of truck and vehicle ownership, including maintenance, shop labour and vehicle disposal, you're free to do what you do best.

FREES WORKING CAPITAL

A Calmont lease helps your bottom line and lets you invest your working capital into other areas of your company. With all the tax benefits, a full service vehicle lease can cost you less than owning.

ACCURATE COST ACCOUNTING

A Calmont full service lease helps you accurately budget for your company's transportation needs over the term of your lease. Repairs, maintenance and other variable costs that come with vehicle ownership are a thing of the past. You get one monthly bill, plus your lease payments may be deductible as a business operating expense.

OPERATIONAL BENEFITS

At Calmont, we'll work closely with you to ensure that you get the right vehicle for your needs. Take advantage of the most technologically advanced trucks and tractors on the market, customized to meet your specifications. Having the right equipment helps you do your job more efficiently, and helps keep your drivers happy.

RELIABLE TRANSPORTATION

One thing you won't have to worry about is whether your vehicle is going to break down. Or how much it will cost to repair. With Calmont Leasing looking after all the equipment maintenance, your vehicles will always be properly serviced and maintained. A Calmont full service lease covers parts, labour, tire replacement (except road hazard), oil, lubricants, coolant, even vehicle washing.

FULL-SERVICE LEASING

Whether you're looking to lease cube vans, tandem axle tractors, sleepers, terminal tractors, or any of our other vehicle offerings, a Calmont full service leases ensures that your transportation operations are looked after efficiently and cost-effectively. By controlling the costs of vehicle ownership and maintenance, you're free to focus your resources on growing your company.

CONTRACT MAINTENANCE

Have your own fleet but don't want to deal with the hassle and the high cost of maintenance and shop supervision? Calmont's maintenance programs allow you to focus on your business, by leaving the business of maintaining your fleet to us.

RENTAL TRUCKS

Need an extra truck during peak periods, or when your company-owned equipment is in the shop? Calmont offers a wide range of commercial rental equipment at competitive rates – by the day, week, or monthly. Our rental
