2021

A bit about us.

With Hyundai, you can really have it all.

Our company believes in pushing the boundaries and challenging conventional thinking. Our very name, “Hyundai”, stands for modernity in the Korean language and it is this one word that helps represent everything we stand for. We don’t approach vehicle development in a traditional way. Our company is structured differently. We think differently. We find the modern way. It’s our mission to offer top quality, feature-rich vehicles at an affordable price.

We offer elite quality through meticulous design and painstaking craftsmanship. Our three design centres in Korea, the U.S. and Europe compete against each other to bring you cutting-edge designs — designs that not only look stunning but are also aerodynamic and fuel efficient.

We are the only global automaker to manufacture our own Advanced High-Strength Steel because, simply put, we just weren’t satisfied with what was available.

We test our vehicles in areas like the Arctic, our proving grounds in the Mojave Desert and on Germany’s world-famous Nürburgring circuit to deliver the durability and reliability you demand. And not only do we package our vehicles with advanced safety and technology, we back all our vehicles with one of the best automotive warranties in the industry. This means you really can have it all, quality and value together.

Kona SUPERSTRUCTURE™ shown,
made with our Advanced High-Strength Steel.

The SUV for the city.

With the Kona, driving and parking in the urban jungle doesn't have to be stressful. Enjoy the agile manoeuvrability of a passenger car and the higher perspective of an SUV — it's really the best of both worlds! Furthermore, the Kona is filled with technologies that just make everything easier, including Apple CarPlayTM and Android AutoTM smartphone mirroring, plus an available Head-Up Display to project important information within your line of sight, so you can keep your attention on the road.

Ready to take on the urban jungle?

Choose between the standard 2.0L engine or available 1.6L Turbocharged engine to power your way through town. On slippery streets, available All-Wheel Drive helps the Kona grip the road with traction to keep you moving confidently.
