

VELOSTER N

2022

What is **N**?

Born in **N**amyang,
Honed at **N**ürburgring.

N is our high-performance brand inspired by motorsport. Every N model is the result of decades of experience from our R&D centre in Namyang, Korea, and endless testing at the Nürburgring in Germany, one of the world's most demanding race tracks. Through this painstaking process, N performance design and technology is born. Experience highly concentrated performance in a precise package designed to elevate driver engagement to a whole new level.

Performance driven by **passion.**

The VELOSTER N was built to make your heart race.

Developed based on experience and technology gained from motorsports, this is high-performance driving in its most exhilarating form, as you feel equally at home on the track as you do on your daily commute.

Serious power.

The 275 horsepower 2.0L Turbocharged engine with 260 lb.-ft. of torque places heart-pounding power at your right foot. Equipped with launch control, the VELOSTER N delivers an energizing snap that will keep you firmly planted at the back of your seat. Further enhancing the experience, a shift timing indicator alerts you to an approaching redline for peak acceleration.

Choose between the six-speed manual transmission with auto rev-matching for quicker and sportier downshifts, or the N DCT with two separate clutches for increased efficiency, faster shifting and driving convenience.

Electronically controlled mechanical limited-slip differential

The VELOSTER N provides world-class cornering ability with an electronically controlled mechanical limited-slip differential. This system uses true torque vectoring to intelligently and precisely distribute torque where it's needed most. This increases cornering speed and reduces understeer for enhanced handling agility.

Electronically controlled suspension

Allows optimal control of damping force of suspension to suit the driving situation and offers a clearly differentiated ride feel according to drive mode.

N 8-speed Wet Dual-Clutch Transmission.

The N 8-speed wet Dual-Clutch Transmission (N DCT) is an automated manual transmission with two separate clutches for increased efficiency, faster shifting and driving convenience. The wet clutch system offers better cooling and copes with high torque; it comes with a simple gear lever arrangement, so you can push forward to downshift and pull back to upshift. With three high-performance functions enhancing the fun, you get full control over your drive.

“N Power Shift” provides a dynamic shifting style, giving you a push-feel after shifting, designed to mimic the sensation of manual transmission.

“N Grin Shift” will put a grin on your face with the push of a button, giving you a max-power turbo boost for 20 seconds.

“N Track Sense Shift” senses when road conditions are optimal for dynamic driving and automatically activates, selecting the right gear and shift timing for optimal performance, allowing you to focus on steering.

N-exclusive design.

The design of the VELOSTER N conveys the brand's high-performance identity with its aerodynamic design and aggressive stance. Sporty red trim accents placed around the front and rear bumper reflect its performance credentials. Already have your eyes on the powerful Ignite Flame red? Then those accents are switched to a sporty dark grey trim.

Up front, a wide stance, low centre of gravity and aggressive grille with N badging make a powerful statement.

19" alloy wheels with Pirelli high-performance tires

The high-performance 235/35R19 Pirelli P-Zero™ summer tires were engineered exclusively for the VELOSTER N. Wrapped around machined-finish, lightweight 19" alloy wheels, their tread pattern and nano-composite compound are specifically tailored for optimal grip, lateral stability and stopping power.

Active sport exhaust

The VELOSTER N features a high-flow active sport exhaust with a variable actuator to deliver an incredible soundtrack of crackles and pops. Enjoy three levels of sound that can be switched on demand to suit your preference.

LED headlights

Standard LED headlights and daytime running lights provide excellent visibility and striking looks.

Performance cockpit.

N-exclusive details and features create the performance cockpit of your dreams.

N drive mode

The N-exclusive steering wheel puts driving performance features right at your fingertips with the dedicated N button. Choose N mode for optimal performance settings, or tailor the driving dynamics exactly to your preferences with the Custom mode. It allows you to individually select your preferred level of steering weight, engine mapping, damper firmness, exhaust sound, electronic limited-slip differential, rev-matching and stability control to customize your own drive profile. The selected settings are then stored to be recalled later at the press of a button.

N Light sport bucket seats

With an integrated headrest and slim, race-inspired profile — the N Light sport bucket seats provide enhanced support and hug you during spirited driving. An illuminated N logo on the upper side of the backrest adds to the interior aesthetic.

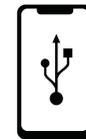

N gauge cluster

The VELOSTER N gauge cluster features sequential shift lights to let you know when you approach the redline, so you can shift gears at the precise moment to maximize performance.

Peak performance. Peak connectivity.

Standard 8.0" touch-screen
with navigation system

Standard Apple CarPlay™
and Android Auto™

Standard Infinity® premium
audio system

The VELOSTER N has been engineered to perform, and that extends to its connected features. With Apple CarPlay™ and Android Auto™ smartphone connectivity, you can seamlessly stream your favourite playlist, use voice commands for text messages and interact with your favourite apps on the 8.0" touch-screen.

Hyundai SmartSense™

The VELOSTER N is equipped with a standard suite of our Hyundai SmartSense™ safety features to provide you with added peace of mind.

Standard features:

Forward Collision-Avoidance Assist with Pedestrian Detection

Blind-Spot Collision Warning

Rear Cross-Traffic Collision Warning

Driver Attention Warning

Lane Following Assist

Lane Departure Warning with Lane Keeping Assist

High Beam Assist

Ultimate convenience. Ultimate connectivity.

The VELOSTER N offers standard Bluelink[®], our connected vehicle system that conveniently keeps you connected with your Hyundai via the smartphone app and offers a suite of services at the press of a button. This innovative connected system gives you the ability to remotely lock/unlock and start your vehicle, adjust climate controls, keep track of your vehicle's health with smart diagnostic tools and so much more.

Remote start with climate control (not available with manual transmission model)

Specifications.

VELOSTER N

Standard equipment includes:

Performance features:

- 2.0L Turbocharged Gasoline Direct Injection engine (275 horsepower, 260 lb.-ft. torque)
- 6-speed manual transmission with rev-matching
- Driver-adjustable active exhaust with chrome dual tip
- Electronically controlled limited-slip differential
- Electronically controlled suspension
- Drive Mode Select (Eco, Normal, Sport, N and Custom)
- Launch control
- 19" x 8.0J alloy wheels
- P235/35R19 Pirelli P-Zero™ summer-performance tires
- Tire mobility kit

Exterior features:

- N-exclusive bumpers (front and rear)
- N-exclusive front grille
- N-exclusive side sill mouldings
- N-exclusive two-tier rear spoiler
- LED headlights and tail lights
- LED daytime running lights
- LED side mirror turn signal repeaters
- Automatic headlights
- Dual power-adjustable heated side mirrors

Interior features:

- N Light sport bucket seats (N Light seats) with cloth insert and leatherette bolsters
- N-exclusive heated leather-wrapped sport steering wheel
- N-exclusive gauge cluster with sequential shift lights
- Infinity® AM/FM/SiriusXM™+/MP3 audio system with 8 speakers and external amplifier
- 8.0" touch-screen navigation system with Android Auto™^o and Apple CarPlay™^Δ
- Bluelink® connected vehicle system^Ω
- 6-way manually adjustable driver's seat
- 4-way manually adjustable front passenger's seat
- Heated front seats
- 60/40 split-folding rear seats
- Air conditioning, automatic temperature control
- Proximity keyless entry with push-button ignition
- Bluetooth® hands-free phone system with voice recognition
- Leather-wrapped shift knob with N logo
- Performance Blue accents
- Tilt-and-telescopic steering wheel
- 4.2" colour TFT cluster display
- Power windows, driver's auto-up/down with pinch protection
- Cruise control (steering wheel-mounted buttons)

Safety features:

- Blind-Spot Collision Warning
- Rear Cross-Traffic Collision Warning
- Forward Collision-Avoidance Assist with Pedestrian Detection
- Lane Departure Warning with Lane Keeping Assist
- Lane Following Assist
- Driver Attention Warning
- Rearview camera with dynamic guidelines
- 6 airbags

Optional:

- N 8-speed Wet Dual Clutch Transmission with paddle shifters (N DCT)

Optional:

- Matte exterior paint

Cyber Grey

Shooting Star (matte paint)

Interior colours*

Black cloth and leatherette with Performance Blue seatbelts and accents

Wheels

19" alloy wheel

*Exterior and interior colour options and/or availability may change without notice. Choice of interior colour is dependent on model and/or exterior colour selection. Colours shown are for reference only and may vary from the actual hue. Visit hyundaicanada.com or see your dealer for details.

Accessories.

Premium all-weather floor liners

Premium all-weather floor liners were designed to cover the interior carpet providing maximum protection against the elements that other mats cannot offer. Their unique and durable design features a non-slip surface for added comfort and a long-lasting premium look. Remove carpet mats prior to installation.

Premium all-weather cargo tray

Protect your interior cargo area with style. This durable, custom-fit premium cargo tray protects from spills and messy loads while helping keep your cargo area looking new for years to come.

Rally Armor® mud guards

Rally Armor® mud guards introduce exceptional paint protection from road debris and lend a racing-inspired image to your Hyundai. Packaged complete with stainless steel installation hardware, the kit does not require any drilling, and installs to existing mounting points.

Door pocket clear film

A clear protective film that lies behind the door handle to help prevent paint damage to this commonly scratched area.

Winter wheel and tire packages

Winter tires have specialized rubber and tread to handle the cold temperatures resulting in better traction, handling and braking. Mount your tires on a set of Hyundai steel wheels and spare your alloy wheels from the corrosion caused by salt and slush.

Hyundai WarmUp system

Keep the inside of your car warm in winter months without using a drop of fuel! The Hyundai WarmUp system includes an interior cabin heater and a fully programmable display unit, as well as an integrated battery charger.
